

Dynagraph

Consumables' Presentation

Facts about us

Dynagraph offers you the best in graphic arts consumables for your press room that help provide you with a stable and consistent print finished product.

The most of these products have been tested for their quality, availability, higher productivity, cost savings and lower power consumption.

Our promise

*“The quality of individual products
can decisively alter the print result”*

Dynagraph distributes and promotes foremost brands in prepress, press, after press in offset, flexo, digital and large format printing

Expertise in print

“The Dynagraph ensures with the products it promotes stable conditions for print and finish system”

The most important link between any print finished job and paper is the perfect interaction of individual variables in the pressroom. Even the slightest variations in the quality of individual products can decisively change the print and finishing result.

Dynagraph ensures with the products it promotes stable conditions for print and finish system. Our attractively priced products and services stand for competence in sheetfed and webfed printing, in offset and flexo.

The right solutions

With Dynagraph we guarantee a consistency. Consumable products promoted and sold by Dynagraph have been run for years in the field and tested in vendor labs. They play a key role in the print process and represent a fraction of the cost of paper however can drastically alter the print quality.

Dynagraph guarantees

Vendor tested and certified quality products:

- Faster make ready times
- Better printing quality
- Better print consistency
- Higher reliability of your printing system
- A service network ensures that products are available on call
- Reduced production costs
- Higher productivity

Customized for your printing plant

*“We’ve got the right solution even
before the problem occurs”*

A wide range of products for individualized solutions. Optimal for all offset and flexo printing systems and production environments. Professional advisory services for all requirements.

Serving you

Just use our tested and certified blankets, inks, washes, founts, printing rollers, anilox screen rollers, and clear your mind from all the problems you face at the pressroom. Reduce the number of variables that can ultimately alter the actual quality of your print job. Call us to tailor make a startup set to your applications. At an attractive price of course.

It would be our pleasure to provide you with detailed advice on compiling your Start-up Set. You will find the results totally convincing.
