

Speed up your business. Now! With the manroland Sheetfed Summit 2011

Speed up your business. Now! Under this motto the first manroland sheetfed summit will take place in Offenbach – Germany, on the 19th and 20th of May. Opening its doors, manroland is offering the opportunity to see live, new technologies and solutions, meet the ‘best in class’ presses and services to face the new challenges the printing business is facing in a world going online.

Discover exclusively the most versatile press, the ROLAND 700 DirectDrive / Hi Print HS with coating unit 18,000 s/h and ROLAND InlineInspector 2.0. Setting new standards for speed, it's the world's unique combination of ultra-fast makeready technology and high speed production.

With the ROLAND DirectDrive, with autoprint smart and ROLAND Inline ColorPilot, you can run up to 135 different jobs in 12 hours. Offset quality in microruns makes a difference in speed, efficiency and quality.

To differentiate yourself from your competitors, demonstrated will be the ROLAND 700 HiPrint with coating unit, ROLAND InlineSorter and ROLAND InlineFoiler Prindor, which bring you a new and creative approach to covers, packaging, posters and labels.

The product tour will wrap up on how to cut the cost per copy. If your jobs are big, consider printing posters, displays, POS and packaging in formats 6 to 8, offering you a wide range of new efficiency opportunities.

Additionally in the program, find out about the latest developments and future trends with help of breakout sessions. Learn how to reach TOP results with increased technical performance, workflow optimization and specific training courses. Benefit from, learn about and discuss integrated workflows, quality management, efficient inline enhancement and, most vital, effective brand protection in packaging, one of the key topics driving printing business success in the future. Experience live manroland's technology, the Value Added Printing technology.

The summit will excel with a one of a kind look behind the scene, a manroland factory tour, and with customized customer tours, where you can experience performance at your competitors in Germany.

To register, kindly contact Mrs. Diana El Kara – delkara@dynagraph.net

Dynagraph traces its roots back to the 1970s. Dynagraph is at the cutting edge of transfer of printing technology.

Dynagraph for Printing Industry llc, Dubai serves as a regional hub, operating from the commercial capital of the United Arab Emirates to coordinate all activity in the Gulf.

Dynagraph for Printing Industry Sal (Offshore) and Dynagraph Lebanon sal cover the near eastern markets.

Dynagraph is a small to medium size business with 90 employees.

Dynagraph aims for a balanced product mix between supplies, prepress, press, after press, converting, consumables and services

In prepress with both standard and bespoke hard and software solutions from DTP to high-end systems Dynagraph deals with manufacturers such as Fuji Film Graphic Arts or DuPont.

In press, sheet and webfed manroland is Dynagraph's partner provides a wide range of highly developed presses and services, whether in commercial, packaging or publishing printing.

In after press, our partners in this sector are leading manufacturers like Kolbus, MBO, Schneider_Senator, Theisen & Bonitz, FERAG, Perfecta and others.

Kolbus offers the most extensive machine range in the industry. Hardcover as well as adhesive bound products such as catalogues, magazines, schoolbooks, paperbacks, and a variety of other products.

Ferag develops and manufactures Postprint components and systems for the newspaper printing industry, offering printers a modular concept.

For special types of projects for the packaging and converting industry, Dynagraph works together with world leading manufacturers and foremost suppliers of products for solid board, corrugated board and flexible packaging industries e.g. Mark Andy, Winkler+Dünnebier,
