

## United Printing & Publishing in Abu Dhabi goes for lamination with Autobond

For the lamination of the cover pages of its magazines and other print products United Printing & Publishing chose the Autobond Mini 105 TH, which can laminate a high range of products from A4 to 105x76cm, 90 to 650gsm and all this at a speed of 60 meters/min, avoiding outsourcing and even allowing lamination of a high number of products in a short period of time.

Easy to use, the operator won't need much time to makeready the laminator, which can be used for lamination of the most traditional products to the digitally printed sheets thanks to its Swiss made water heater which can reach temperatures up to 140 degrees needed for thick materials. The laminator has a solid construction, made of 25mm thick steel side plates, it is equipped with a Heidelberg Speedmaster rising pile back separation stream feed head with a vacuum feed table and Siemens electronics.

The Autobond Mini 105 TH at present in operation at United Printing Press's new facility in Abu Dhabi

Dynagraph traces its roots back to the 1970s. Dynagraph is at the cutting edge of transfer of printing technology.

Dynagraph for Printing Industry llc, Dubai serves as a regional hub, operating from the commercial capital of the United Arab Emirates to coordinate all activity in the Gulf.

Dynagraph for Printing Industry Sal (Offshore) and Dynagraph Lebanon sal cover the near eastern markets.

Dynagraph is a small to medium size business with 90 employees.

Dynagraph aims for a balanced product mix between supplies, prepress, press, after press, converting, consumables and services

In prepress with both standard and bespoke hard and software solutions from DTP to high-end systems Dynagraph deals with manufacturers such as Fuji Film Graphic Arts or DuPont.

In press, sheet and webfed manroland is Dynagraph's partner provides a wide range of highly developed presses and services, whether in commercial, packaging or publishing printing.

In after press, our partners in this sector are leading manufacturers like Kolbus, MBO, Schneider\_Senator, Theisen & Bonitz, and others.

Kolbus offers the most extensive machine range in the industry. Hardcover as well as adhesive bound products such as catalogues, magazines, schoolbooks, paperbacks, and a variety of other products.

For special types of projects for the packaging and converting industry, Dynagraph works together with world leading manufacturers and foremost suppliers of products for solid board, corrugated board and flexible packaging industries e.g. Mark Andy, Winkler+Dünnebier,
