

INPRINT **pressrelease**

16/2011 | 2011-07-11 | P.1/1

manroland Newspaper Summit 2011

After a successful Sheetfed Summit, manroland is now offering its Web customers a one of a kind occasion to exchange ideas about concepts and business models with manroland and other customers.

Under the motto 'One Touch in operation with COLORMAN autoprint', manroland invites you at one of their customers' press near Magdeburg, Germany on the 14th and 15th of September to witness the performance of the new printing house. At the Druckzentrum Barleben, the ultra-modern media company prints every night 18 local editions of Magdeburger Volksstimme with a total circulation of more than 197,000 copies.

Change-over is fully automatic: The plate logistics system **APL logistics** and automatic plate-change with **Automatic Plate Loading (APL)** make the use of its **resources exceptionally efficient** - the **recipe for success** of the manroland autoprint installation at Barleben.

With an extensive **printnet** installation they can preset the plate production for the entire production, starting with editorial planning and reaching right into the press. Report functions allow for full control of the **workflow chain**.

The **future-proof investment** in a **manroland COLORMAN** is the foundation for its excellent economics, **production flexibility** and environmentally friendly **energy-efficient** printing process.

Save the date! While we come back to you with more information.

Newspaper printers don't have to lift a finger any more. Except one. The revolution in the pressroom has begun. With One Touch from manroland. (*manroland AG*)

Dynagraph traces its roots back to the 1970s. Dynagraph is at the cutting edge of transfer of printing technology.

Dynagraph for Printing Industry llc, Dubai serves as a regional hub, operating from the commercial capital of the United Arab Emirates to coordinate all activity in the Gulf.

Dynagraph for Printing Industry Sal (Offshore) and Dynagraph Lebanon sal cover the near eastern markets.

Dynagraph is a small to medium size business with 90 employees.

Dynagraph aims for a balanced product mix between supplies, pre-press, press, after press, converting, consumables and services

In prepress with both standard and bespoke hard and software solutions from DTP to high-end systems Dynagraph deals with manufacturers such as Fuji Film Graphic Arts or DuPont.

In press, sheet and webfed manroland is Dynagraph's partner provides a wide range of highly developed presses and services, whether in commercial, packaging or publishing printing.

In after press, our partners in this sector are leading manufacturers like Kolbus, MBO, Schneider_Senator, Theisen & Bonitz, FERAG, Perfecta and others.

Kolbus offers the most extensive machine range in the industry. Hardcover as well as adhesive bound products such as catalogues, magazines, schoolbooks, paperbacks, and a variety of other products.

Ferag develops and manufactures Postprint components and systems for the newspaper printing industry, offering printers a modular concept.

For special types of projects for the packaging and converting industry, Dynagraph works together with world leading manufacturers and foremost suppliers of products for solid board, corrugated board and flexible packaging industries e.g. Mark Andy, Winkler+Dünnebier,
